# End Use and End User Certification Instructions

## Policy:

Complete, detailed end use and end user information is required for international orders to ensure compliance with U.S. export controls. End Use and End User Certification are required by Endevco Export Compliance Department.

## Procedure:

When placing an order with Endevco Corporation, customers must provide complete end use and end user information to Endevco Corporation Export compliance Department. Endevco partners, resellers, and distributors are responsible in supplying information that is sufficiently detailed as described below.

## Customer's Logo:

The top of the end-use form is an area reserved for the customer's (firm) logo. The form can be copied and pasted on the customer's letter head. The message advising where to add the logo shall be erased.

## End Use Information:

Complete end use information shall specify what the end user will do with the product in the order. End use information should include a clear description of the project in which the ordered product will be used. Vague or two word phrases are insufficient. Each End Use statement must provide assurances that the goods will not be used other than the stated purposes.

Examples of sufficient and insufficient end uses:

INSUFFICIENT	SUFFICIENT
Automotive testing	Accelerometers will be used to measure vibration levels of 5 liter engines for evaluation
Jet engine testing	Units will be mounted on jet engine to measure vibration levels during flight or maintenance
Manhattan Project	Describe clear picture of the project, including name and specific end use, measure/evaluate

## End User Information:

Complete end user information shall consist of the following details for each party that is involved with the transaction:

- ◇ Exporter's
- ◇ Intermediate consignee's (if applicable)
- ◇ Final consignees
- ◇ End-user's full name and address (if different from the final consignee)

Full name of company in English (unless official name is in another language)

- no abbreviations
- no acronyms

Full address; street, city, country, region/district

- no post office boxes
- if end user is in a country different from the ship-to country, that country must be specified

## Items Ordered:

A detailed description of the goods which discloses their true identity must be entered.

## Certification:

Signature, name and title of final consignee's/end-user's representative, or signature and end-use certification by the final consignee's/end-user's government or other authority as to the authenticity of the primary details provided in the end-use certification. If issued by government authority, a unique identifying Certificate/Statement number can be used.
